

# 4 Kicks Martial Arts

We have partnered with Trey Courtney of 4 Kicks Martial Arts to offer a quality martial arts program at an affordable price for children, adults and families.

American Karate is taught with an emphasis on conditioning and self-defense. The program is designed for you to get exactly what you want: training in the art of karate for the exercise and sport, providing the discipline of karate as an extracurricular activity for your child, competitive training towards a black belt, participation in tournaments, or simply incorporate Karate as a lifestyle. *A onetime uniform fee of \$35.00 must be paid separately to the instructor or you may bring your own.*
